

Our camp is designed for children pk3 through completed 3rd grade. Our program will inspire your child's mind to engage, create and stay active this summer!

Each week they will explore with science, create a masterpiece with art, stay active with a sport and learn Spanish. We will also have our wonderful Water Day Friday. All activities on Friday are water based (due to Florida's summer weather all outside activities are based on weather permitting).

Session/Week of	Weekly Theme
